

Statement about restricted and forbidden substances

Dear Business Partner

Varioprint AG is aware about its social responsibility regarding environment, safety, health and human rights and understands that its business behavior has an impact on society and environment. Based on our supplier statements and in order to guarantee a peaceful, fair and sustainable use of our worldwide resources, Varioprint AG assures the following:

All products of Varioprint AG neither directly nor indirectly contain substances, whose use is restricted or even prohibited by current environmental guidelines. These guidelines include the following restrictions and prohibitions in the most current version: according to the current environmental guidelines:

- 2011/65/EU "RoHS" and 2015/863/EU
- 2012/19/EU "WEEE"
- 1907/2006/EU "REACH"

All details are based on information from our suppliers and have been compiled to the best of our knowledge and belief. Please note that Varioprint AG can in no case accept responsibility for circumstances or events beyond our control.

This document is valid without a date, because we continuously review the guidelines and we would inform our business partners immediately as soon as we would detect a deviation.

Best regards

VARIOPRINT AG
